Summer Nephrology Locums Thunder Bay

Inpatient Focus

We are looking for a locum to cover primarily the inpatient part of a Nephrology group practise for a week or more at a time. You will round on the admitted Nephrology inpatients (both MRP and Consult Service) and provide Nephrology consultations for inpatients, ICU (including CRRT) and ER, as well as for referrals from regional hospitals needing transfer to Thunder Bay for Nephrology issues. You will also cover one afternoon Pre-Dialysis/ Transplant/ GN outpatient clinic per week. Some overnight/weekend call is to be expected to include outpatients.

TBRHSC is a 375-bed acute-care hospital and is the regional referral centre for NorthWestern Ontario.

Proficiency in IJ placement of temporary Hemodialysis Catheters is an absolute requirement. We have the support of three Vascular Surgeons & two Interventional Radiologists. There may be opportunities to perform renal biopsies, tunnelled HD catheter and PD catheter placements and plasmapheresis (TPE) if you have those skills.

Applicants must be certified in Nephrology with the Royal College of Physicians and Surgeons of Canada and must hold or be eligible for licensure with the College of Physicians and Surgeons of Ontario (CPSO).

We are looking for one- or two-week placements throughout July, August and September but would consider a longer term if available.

Travel and accommodations will be paid for by the Northern Specialist Locum Programs through Health Force Ontario.

Please contact Drs. Armour Boake or Rey Acedillo c/o Ms. J. Pytyck at: jpytyck@superior-nephrology-net or fax: (807) 345-5888.
