AMGEN

Renal Advances

In it for life

Speakers

Kathryn Richardson
Vice-President and Incoming President,
The Kidney Foundation of Canada

Dr. Darren Yuen, M.D.
St. Michael's Hospital, Toronto
AMGEN-KRESCENT Joint Fellow

Susan Storey
Senior Director of Development,
The Kidney Foundation of Canada

Paul Shay
National Executive Director,
The Kidney Foundation of Canada

Objectives:

1. Introduce the new leadership of **The Kidney Foundation of Canada (KFOC)**; and foster a shared understanding of the objectives and progress of the KFOC Leading Change Strategic Plan.
2. Identify the direct and tangible impact of the KRESCENT program as well as its potential to advance the renal community and to emerge as **the** model for new generations of basic and clinical researchers in Canada.
3. Share details on the KFOC's ***Campaign for Kidney!***, a nation-wide plan to advance public awareness of kidney disease and to mobilize financial and human resources to enhance research, prevention and core services.
4. Highlight the Foundation's priority for an expanded culture of partnership and engagement within the renal community and ways in which health care professionals and the CSN can become involved in our efforts to mobilize government, patients and the general public to become active participants in the ***Campaign for Kidney!***
