

PHYSICIAN, SECTION OF NEPHROLOGY
The Department of Internal Medicine
Manitoba Renal Program
Rady Faculty of Health Sciences
University of Manitoba

The Department of Internal Medicine Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba, and the Manitoba Renal Program invite applications for a Clinician-Teacher in the Section of Nephrology. The section is one of 17 in the Department of Internal Medicine, providing patient care, undergraduate, postgraduate and continuing education, and research.

Manitoba Renal Program (MRP) coordinates and delivers kidney health-care services for adults in Manitoba and promotes kidney health through education. The program is an interdisciplinary team of health-care professionals working together alongside hospitals, regional health authorities, governments and communities to deliver the highest quality kidney health care and education.

This is a non-GFT, NIL academic appointment within the Section of Nephrology commencing July 1, 2022 or as soon as possible. The position is in the Clinician - Teacher stream with the successful candidate expected to provide direct contact teaching of undergraduate medical students, participate in post-graduate teaching of residents and attend academic functions in the Section of Nephrology. Salary will be commensurate on qualifications.

The successful candidate will provide clinical care at Seven Oaks General Hospital, on the inpatient consult service, Home Hemodialysis, Peritoneal Dialysis, In-Centre Hemodialysis services, High Risk multidisciplinary CKD clinic and conduct a half day clinic per week for ambulatory patients both new and in follow-up. On call duties will be shared with seven other nephrologists, in this busy community based hospital. The current nephrologist group has members with a variety of academic interests including clinical research, medical education and interventional nephrology. The site boasts an academic interventional nephrology program, opportunities to be involved in teaching and supervising trainees in addition to a large infrastructure for nephrology research at the Chronic Disease Innovation Centre. Applicants with areas of expertise or extra training such as home modalities, interventional nephrology, glomerulonephritis/cystic diseases would be an asset.

The Section of Nephrology has access to substantial resources within the health system. There are presently 29 full-time academic Nephrologists within the Section with major clinical and academic responsibilities in the Section of Nephrology, and additional part time members.

Candidates must have specialty qualifications in Nephrology in the country of current practice and must be eligible for registration with the College of Physicians and Surgeons of Manitoba. Certification by the Royal College of Physicians and Surgeons of Canada is preferred.

The City of Winnipeg (www.tourismwinnipeg.com), located where the Red and Assiniboine Rivers meet, is recognized for its vibrant, multicultural community and diverse culture. The city, with a growing population of more than 766,000, is home to internationally renowned festivals, galleries and museums, the historic Exchange District and The Forks, and ever-expanding research, education, and business sectors. From the Hudson Bay waters, across the farmland fields, to the pulse of the cities and towns, The Province of Manitoba's (www.travelmanitoba.com) people and places – its 100,000 lakes, 92 provincial parks, winding river valleys and storied prairie skies – inspire.

The University of Manitoba is a driving force of innovation, discovery and advancement. Our momentum is propelled by our campus community – UM faculty, staff and students whose determination and curiosity shape our world for the better. Our teaching, learning and work environment is uniquely strengthened and enriched by Indigenous perspectives. With two main campuses in Winnipeg, satellite campuses throughout Manitoba, and world-wide research, UM's impact is global.

Discover outstanding employee benefits, experience world-class facilities and join a dynamic community that values reconciliation, sustainability, diversity, and inclusion. We are one of Manitoba's Top Employers and one of Canada's Best Diversity Employers. At the University of Manitoba, what inspires you can change everything.

The University of Manitoba is committed to the principles of equity, diversity & inclusion and to promoting opportunities in hiring, promotion and tenure (where applicable) for systemically marginalized groups who have been excluded from full participation at the University and the larger community including Indigenous Peoples, women, racialized persons, persons with disabilities and those who identify as 2SLGBTQIA+ (Two Spirit, lesbian, gay, bisexual, trans, questioning, intersex, asexual and other diverse sexual identities). All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-7195. Please note this contact information is for accommodation reasons only

Application materials, including letters of reference, will be handled in accordance with

the protection of privacy provision of “*The Freedom of Information and Protection of Privacy*” (*Manitoba*). Please note that curriculum vitae may be provided to participating members of the search process.

A review of applications will begin April 30, 2022 and will continue until filled. Interested applicants should submit curriculum vitae, a list of publications, and the names of three references to:
