

**NEPHROLOGIST POSITION  
AT HALTON HEALTHCARE IN  
OAKVILLE, ON**

We are pleased to announce, subject to Hospital board approval, that the Division of Nephrology at Halton Healthcare intends to increase the human resource need to include a **fourth Nephrologist with anticipated start date of July 1, 2022.**

We are seeking a candidate with an interest, added experience, and/or certification in glomerulonephritis as our primary desire in terms of clinical need. Alternatively, we would entertain similar interests, experience, and/or certification in the area of Onco-Nephrology.

The Nephrology program is a regional program that serves all sites at Halton Healthcare [Oakville, Milton, and Georgetown] as well as servicing Burlington including Joseph Brant Hospital.

The program is one of the premier community Nephrology programs in the province of Ontario. While being a community hospital and being heavily devoted to the delivery of clinical services, we are also involved in both teaching with elective residents and with research.

The town of Oakville and surrounding areas are one of the most highly rated places to live in the country.

We are looking for a qualified candidate, who is collegial, passionate, dedicated and energetic to assist the group to fulfil the delivery of renal services in a fast-paced practice environment. The candidate would be required to participate in Internal Medicine call duties as per the Department of Medicine rules.

Candidates who are able to have local experience by way of elective or locum attendance will be an asset.

For those interested, please email your CV and contact information to [spandeya@haltonhealthcare.com](mailto:spandeya@haltonhealthcare.com)
